

COMP 20

- ① Last class: first class fns.
Why?
- ② Recall HTTP
 - ↳ Synchronous
 - ↳ Lots of back + forth between client-server, perhaps many page reloads
 - ↳ Waiting, usability issues
- ③ Asynchronous
- ④ XMLHttpRequest in JS
 - ↳ sends request using a JS fn(s)
 - ↳ Request's response is handled by a JS fn
 - ↳ the response is only data, not markup
- ⑤ Caveats
- ⑥ Teams, semester group project
